G.O. No. 870 - P.H.

Dated 25th February 1946

[Despatch Abstract.]

ESTABLISHMENT - Medical - Workers in Government Medical Institutions including the Hospital of Indian Medicine - Revision of Pay and other conditions of Service - Orders passed.

GOVERNMENT OF MADRAS.

Abstract:

ESTABLISHMENT - Medical - Workers in Government Medical Institutions including the Hospital of Indian Medicine - Revision of pay and other conditions of service ORDERS PASSED.

EDUCATION AND PUBLIC HEALTH DEPARTMENT.

G.O.Ms.No. 576. Dated 25th February 1948.

Read the following:--

From the Surgeon General, No. 3940-2 G dated 21st January 1948.
From the Principal, School of Indian Medicine,
No. 924 C1/47, dated 21st January 1948.

...

O R D E R:

The Cabinet Salaries Committee recommended in the case of contingent establishments, that posts in which some skill, training or experience was aquired in the course of sergice should be put on ~~xxix~~ suitable incremental scales, that such of those posts as would be required permanently for the normal work of the department should be made permanent and converted into regular establishment and that the remaining posts put on time-scales and all other posts should remain temporary on the present basis of payment according to market rates. The Committee also recommended the framing of suitable rules to enable workers in these temporary posts to earn leave on pay and gratuity after a certain length of continuous service. A detailed report in respect of contingent staff in all departments of Government is awaited from the Board of Revenue. The Government Have decided to take up the case of Government Hospital workers independently and have examined it in the light of the recommendations of the Committee constituted by the Surgeon General and his remarks thereon. They proceed to pass the following orders:--

(a) The posts mentioned in Annexure I to this order, which are now treated as "paid from contingencies" will be converted into posts on the scales of pay noted against each in the Subordinate or Inferior Service. The Surgeon General and the Special Officer for Reorganization of the Department of Indian Medicine are requested to state in which exact service, viz., the General Subordinate Service, the Medical Subordinate Service or the Inferior Service, these posts should be included and to submit the necessary amendments to the Service Rules consequent on such inclusion. All the posts mentioned in this annexure, which were in existence on 1-1-48 will be deemed to be required permanently for the normal work of the department and will therefore be permanent posts in each service.

pto

(b) The posts mentioned in Annexure II to this order will be retained in the contingent establishment on the scales of pay or at market rates, as indicated against each. Till general orders are passed regarding the conditions of service of all contingent establishments, these posts will be governed by the orders in G.O.Ms.No. 387, Public Health, dated 10th February 1944 and any other orders in force.

(c) The mentioned incumbents of the posts in Annexure I will be eligible for the leave, pensionary and all other privileges as well as dearness and house rent allowances admissible to members of such services.

(d) The persons who are actually holding the posts mentioned in AnnexureI and the posts mentioned in Annexure II to which these rates have been allowed, will have their pay fixed with effect from 1-1-48 in the scales mentioned in the annexure, according to Fundamental Rules 22 (ii) on the basis of their old pay (less dearness allowances) in the contingent establishment. The Surgeon General and the Special Officer for Reorganization of the Department of Indian Medicine, are requested to see that orders are issued fixing the pay in each individual case and to take up the question of making regular appointments to the posts in Annexure I with effect from 1-1-48, immediately after the necessary amendments are made to the rules.

2. The Government do not consider it necessary to constitute a leave reserve for every type of hospital servant. The Surgeon General and the Special Officer for Reorganization of the Department of Indian Medicine, are requested to report for what types a leave reserve is necessary. They are also requested to bring to the immediate notice of the Government any cases of existing contingent posts which do not find a place in Annexure I.

(BY ORDER OF HIS EXCELLENCY THE GOVERNOR OF MADRAS)
